

Stacy Cross

As a Learning & Content Coordinator, I enjoy organization, attention to detail, and thinking outside the box. I work closely with our delivery team to ensure a great client satisfaction experience. The wisdom I've gained from my 13+ years in corporate logistics and association management have allowed me to bring a fresh insight to Effective Edge. My talents for coordination and streamlining operational systems go hand-in-hand with the analytical and creative problem solving necessary for an Engagement Specialist.

Outside of the office, I enjoy spending time outdoors with my husband and children. Whether is it at a bike race, swimming in Barton Springs, or hiking the Greenbelt - we love being outside. On any given weekend, you are guaranteed to find me either having lunch at one of my many favorite Mexican food restaurants or baking cookies in my kitchen.
